Subject:- EXEMPTION FROM PAYMENT OF  
SECURITY DEPOSIT

AA157

There appears some confusion as to whether security deposit is recoverable from a WAPDA employee for the grant of domestic connection (230/400 Volts) in his name.

2. It is clarified that WAPDA employees, whether serving or retired, including employees of the old Electricity Departments transferred En-block to WAPDA, and their widows who are eligible to and are availing the concession of free electricity units upto the prescribed limit, as per instructions of the Authority issued from time to time, are exempted from the payment of security deposit for one domestic connection in their names. However, the WAPDA employees who are engaged on contingent/work charged basis, deputationists and those employed on contract basis are not exempted from the payment of security deposit for domestic connection.
