Subject: SOR AT 40KV/15KV TO THE CONNECTIONS (SHARING OF COST OF THE CONNECTIONS)

After induction of 10 KVA & 15 KVA transformer in WAPDA, Authority has reviewed the Cost Sharing Policy. Thus in implementation of all provisions of the subject policy, respective Industrial and tubewell consumers who apply for supply at 40/15 KV will be governed by the following terms and conditions:-

- No Transformer Sharing (T.S.) will be allowed upto 10 KW load on existing transformer if load is available.
- The Transformer Sharing Cost will be recoverable from consumers applying for load above 10 KW upto 15 KW on the distribution network connected to the transformer. Sharing cost of transformer and sub-station equipment will be calculated as per sanctioned load at the rate of Rs.2300/- per KW; ✓
- Installation charges @ 560/- KW will be added on the sanctioned load along with its installation charges; ✓
- Cost of other material etc. required to energize the connection will be recovered along with its installation charges; ✓
- Independent 10 KVA or 15 KVA transformer may be provided on bill of material basis in accordance with the applied load, when system is not available. ✓
- Clarification regarding extension in load under cost sharing scheme is available in office circular letter No.614-37/GMCS(DR&CP)/58065 dated 27.07.03 ✓
